**The Organizational Setting**

This position is situated in Environment (ENV) within the ICAO Air Transport Bureau (ATB). ICAO’s activities in the environment field aim to limit or reduce the impact of international aviation on noise, local air quality, and the global climate. ENV is responsible for the development of a range of standards, policies and guidance material and provides capacity building and assistance for the implementation of mitigation measures to achieve these objectives. Measures include aircraft technology, operational improvements, the development and deployment of sustainable alternative fuels for aviation, and the use of market-based measures. In addition, ENV maintains close relations with other UN policy-making bodies that have expressed an interest in environmental aspects of civil aviation.

The primary focus of this internship is on capacity building and support to States in the development of their action plans on CO₂ emissions reduction.

**Terms of Reference**

Under the supervision of Deputy Director, Environment, Chief, Environmental Standards Section and Environment Officers, the intern will:

- Support the State Action Plan on CO₂ emissions reduction activities from international aviation initiative, by proposing innovative approaches to support States in developing their Action Plans;
- Assist in the update of key documents - such as ICAO Doc 9988 - , tools and reports to make sure that the information provided to ICAO Member States remains current and relevant;
- Assist in establishing a medium-term strategy for enhancing the number of actions plans submitted by States and the quality of the information submitted;
- Assist in setting-up capacity-building and assistance activities, in line with the No Country Left Behind campaign;
- Assist in the direct follow-up with States regarding their action plans;
- Assist in planning, coordinating and organizing ICAO Seminars related to aviation and environment and necessary follow-up activities;
- Assist in planning, developing and disseminating outreach materials such as journals, reports, pamphlets, videos, and power point presentations related to aviation and environment; and
- Perform other related duties.
**QUALIFICATIONS**

**Education**

At the time of application, candidates are required to have completed or be enrolled in a graduate degree programme (second-level university degree or higher) in a field of study related to aviation, environment, aeronautical/aerospace or other engineering, or computer science.

Applicants pursuing studies in countries where higher education is not divided into undergraduate and graduate stages should have completed at least four years of full-time studies at a university or equivalent institution towards the completion of a degree.

**Languages**

**Essential requirements:** Fluent reading, writing and speaking abilities in English.

**Desirable requirements:** A working knowledge of a second language of the Organization (Arabic, Chinese, French, Russian, or Spanish).

**CONDITIONS OF INTERNSHIP**

Interns are not paid. All costs related to travel, insurance, accommodation, and living expenses must be borne by the intern.

The duration of the internship is between three to six months. The intern is expected to work five days a week, on a full-time basis.

Interns shall not be eligible to be engaged in any other form of employment within ICAO during the period of internship and shall not be eligible to apply for or be appointed to any post in the Secretariat or be contracted for any other remunerated employment with ICAO for the six months immediately following the end of their internship.

**HOW TO APPLY**

Interested candidates must complete an on-line application form, and attach a recommendation letter from the educational institution. To apply, please visit ICAO’s e-Recruitment website at: [https://careers-new.icao.int](https://careers-new.icao.int).

**NOTICE TO CANDIDATES**

ICAO does NOT charge any fees or request money from candidates at any stage of the selection process, nor does it concern itself with bank account details of applicants. Requests of this nature allegedly made on behalf of ICAO are fraudulent and should be disregarded.
